It is certainly hard for a paper walch as made every arrangement and spares no expense to give the readers all the news in full to be thwarted by the parsimony or grasping greed of a tel-egraph company, but this is the case with the Western Union in the service it gives Tak GAZETTE. Night after night the work done in the office here is enough to require five men to do properly, but up to 11 o'clock only three men are employed, and after that hour but two men. Specials filed at offices in other cities at e, 10 and 11 o'clock begin to come in at 2 o'clock, and sometimes after that hour frequently too late to be used. Manning Means Business. There has been considerable talk lately mong sporting men about a fight be tween William Black of Dallas and Billy Manning of Fort Worth. It was the friends of Black who started the talk and they spoke loud. Black weighs 155 pounds and is a good man at that, while Mauning only weighs 138 pounds and his friends doubted his ability to cope with Black. But Manning is game and here is what he says in a Dallas paper:

what he says in a Dallas paper:

"I was in Dallas Monday trying to make a match to fight black, but was usable to find his backer and resumed to Fort Worth, expecting to hear from thom. If Mr. Black s backers does t want to put any money on him I will fight him for gate receipts, the winner to take all or to take B and the loser 25 per cent, and to fight here, as they say they can not fight in Dallas. I hope this will be given an early reply, as I have gentlemen here ready to back me for any amount. Man and money ready at any time. By publishing this you will oblige, yours respectfully,

BILLY MANNING."
